

Here is a Maths Trick so unbelievable that it will stump you.....

1. Grab a calculator. (You won't be able to do this one in your head)
2. Key in the first 6 digits of your Mobile no.
3. Multiply by 80
4. Add 1
5. Multiply by 250
6. Add the last 4 digits of your mobile no.
7. Add the last 4 digits of your mobile no. again
8. Subtract 250
9. Divide by 2

Do u recognize the answer?

Answer is your Mobile number.

Isn't it amazing?
